REVOLUTIONIZE YOUR PRACTICE
WITH A ZUMAX® MICROSCOPE

Magnification using the latest in microscope technology gives professionals like you the opportunity to offer a higher standard of care in dentistry. Enova Illumination is proud to be the exclusive distributor of Zumax® microscopes in the U.S. and Canada, bringing you the highest quality and the latest innovations.

ENHANCED MAGNIFICATION

Increased precision in all aspects of patient care - from diagnosis and treatment to efficiency and patient outcomes.

SUPERIOR ERGONOMICS

Reduce neck and back injuries that can limit a career by not relying on loupes and insufficient illumination. Improve your posture by utilizing heads-up magnification with a monitor. 3D visualization is optional.

HIGH QUALITY OPTICS

On all Zumax® microscopes, all lenses are multi-coated, anti-reflective, apochromatic, and made from hand-selected German glass.

INTEGRATED 4K CAMERA

Connect to a monitor or your network for the ability to stream and save high-definition photos and videos. Edit videos immediately for training and sharing with consulting physicians. Display real-time imaging for increased patient education.

DOCUMENTATION AND TRAINING

Microscopes allow you to easily show, discuss and document treatments and procedures, both with patients and other specialists.

RETURN ON INVESTMENT

Elevate your practice with Zumax® Microscopes, empowering you to confidently perform complex procedures with enhanced visual precision!

> I can't believe that I haven't used a microscope throughout my career! Now I finally have the best piece of technology that exists for restorative dentistry, for education, and for any procedures! It's the best piece of equipment in my office right now.

Dr. Dean Vafiadis, DDS

3200 R2/PRO

FEATURES

- **Joystick-Controlled Continuous Zoom**
- **Electromagnetic Clutch**
- **Integrated 4K Camera**
  - Optional 3D 4K Camera
- **Integrated LED Illumination**
- **Integrated VarioScope**
- **Mounting Options:**
  Floor Stand, Ceiling Mount, Wall Mount

2380 R2

FEATURES

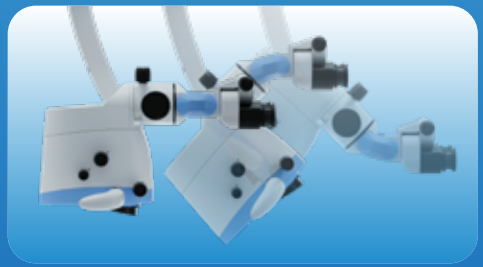
- **Continuous Zoom Magnification**
- **FreeFlow balancing arm**
- **Integrated 4K Camera**
  - Optional 3D 4K Camera
- **Integrated LED Illumination**
- **Integrated VarioScope**
- **Mounting Options:**
  Floor Stand, Ceiling Mount, Wall Mount

Photo/Video Capture

2050 R5

FEATURES

- **Continuous Zoom Magnification**
- **ErgoPendulum Arm**
- **Integrated 4K Camera**
  - Optional 3D 4K Camera
- **Integrated LED Illumination**
- **Mounting Options:**
  Floor Stand, Ceiling Mount, Wall Mount, Tabletop



DENTSIGHT

AR MODULE

FEATURES

CBCT Image Overlay:

Pairs with Zumax's N-Vision DICOM App to display real-time imaging

Apex Locator:

Pairs with an apex locator for simultaneous overlay and reading.

Dynamic Navigation:

Pairs with a dynamic navigation system for real-time overlay of dynamically guided procedures.
Compatible with NaviDent and X-Nav

3D Model Overlay:

Superimpose an AI-rendered 3D model of an anatomical structure and manipulate the image intra-operatively in real-time to obtain critical anatomical information

Compatible with: 3200, 2380
